

IMPACT HIRE

Sydney based Impact Hire Australia provides traffic control equipment for hire. With a head office at Wetherill Park and a second yard near the CBD, Impact Hire is able to deliver traffic control equipment to you at short notice.

Impact Hire has a dedicated team of staff that prides itself on being the industry's service leader. Customers include both the Cross-City Tunnel and M7 (Western Orbital) developments, the Road Transport Authority and most major road construction companies. We also cater for small road construction and traffic control companies, and for advertising at car yards, shopping complexes, and for property developers. Our equipment has been used to direct vehicle traffic into sporting events and pedestrian traffic to facilities such as taxis, train and bus services.

We would like to add you to our list of satisfied customers.

QUALITY EQUIPMENT AVAILABLE TO YOU

- Senior and Junior Variable Message Signs (VMS)
- "C class" Flashing Arrow Boards
- Portable Traffic Lights

PRICES

Impact Hire offer competitive prices to all our customers. We welcome the opportunity to provide you with a free, no-obligation quote. Discounts are available for long term hires.
